David's Story

David R. Hanners

Franklin, Georgia

If you can not attend this Benefit Ride, You can still donate through PayPal (www.myjourneywithcancer.org) or directly through First Georgia Bank in Franklin, Georgia to the David R. Hanners fund .

David & Jeannine

In the spring of 2006 David developed a cough. The cough led to night sweats and fever. After going to the doctor, it was determined that David has Stage 3, non small cell, carcinoma lung cancer. In 2010 it metastasized to his brain. Two tumors were taken off the brain at one time during surgery in 2007, and then another was removed in October, 2009. David now has five tumors.

David was a peace officer. David was always the first one to help people, volunteer, and rescue whenever there was a need.

The expenses of David's illness are many. There are co-pays, and out-of-pocket expenses, including travel to and from treatment and reduced earning power. Please help ease the burden of these expenses.

Please note that although your donation is a charitable act, this is not a tax deductible donation.

Praise God for the Givers - Blessed are the Receivers

David & Jeannine Hanners
